"Shut your eyes, open your mouth and see what luck will bring you."

Many a woman is weak and sick, nervous and discouraged. She suffers from headache, backache and other ills. She wants to be well, but all she does is to shut her eyes and open her mouth for medicine and trust to luck for results. She "doctors" month after month, often year after year, in this same blind, hap-hazard fashion, and receives no permanent benefit.

Women take Dr. Pierce's Favorite Prescription with their eyes open and trust to luck for results. It cures irregularity. It dries debilitating discharges. It cures inflammation and ulceration of the female weakness. There is no trusting to luck by those who use "Favorite Prescription."

"In the year 1903 my health was poor," writes Mrs. J. H. Hack, of the Broadway, N. Y. "I suffered from falling of womb, a disagreeable discharge, painful monthly periods, headache, backache and pains in the limbs. Every month was confined to bed for two or three days. Was weak, nervous and hysterical; life was a burden to myself and I made every one in the family unhappy because I was so irritable. My husband got me four bottles of Dr. Pierce's Favorite Prescription, and before I had taken the first bottle I was feeling some relief. The medicine made me well and strong, and I felt like a new woman. Before I used the Favorite Prescription I had been taking another physician's medicine for nearly three months, but had received no benefit. Your medicine is certainly the best in the world."

A man or woman who neglects constipation suffers from it. It cures constipation. One little bottle is a gentle laxative, and two a mild cathartic. Don't let a selfish seller over-persuade you to accept a substitute for these Original Little Liver Pills, first put up by Dr. R. V. Pierce over 40 years ago. High imitations but never equal.

HAIR TINTED BUT NEVER CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair character. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Hicoria.

"Destroy the cause; you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Hicoria Co., 100 E. S. Leadbeater & Sons, Special Agents.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the stomach and digestive tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Really I got a bottle of it and it gave me immediate relief. After using a few bottles I am cured. MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me. D. KAUBER, Nevada, O.

Suggests the South for Jews.

Dr. Adolphe Danziger, formerly United States Consul at Madrid, arrived in Washington yesterday, to lay before the Department of Commerce and Labor memoranda concerning the condition of the Jews abroad, the information being gathered at the request of the department for the use of the Bureau of Immigration in dealing with the case of immigrants.

"In England, Germany and Russia," said Dr. Danziger, in reviewing his observations, "what struck me most notably was the hopeful view the Jews take of America."

"The people I met were hoping that the President would take the opportunity that presented itself to induce the Russian government to grant them freedom, or at least to give them equal rights in Russia. Many of the Russian Jews do not want to leave that country. They are farmers, and are hardy and brave people. They love their country in spite of the terrible oppression that has been brought upon them by the Russian government."

"I found a terrible condition among the Russian Jews who have gone to England to come to this country. The steamship companies are afraid to bring them to America, for fear they will be declared paupers, with the result that the steamship companies would have to take them back to England. In order to refuse them passage when they have the money to pay their way the doctors of the companies invent excuses. They declare that they are suffering from some kind of eye disease or some other imaginary ill. The fact is, the Jews there are powerful fellows, who have their muscles trained on farms in Russia. They are not any farmers, but mechanics of all kinds."

THE WAR SITUATION.

Japan, it is reported, has now an open way to Vladivostok through the Ussuri territory in Siberia. This territory, which borders on the Pacific Ocean, has been abandoned by the Russians. The territory was abandoned some time ago. The entire Russian force in the Ussuri territory consists of nine battalions of infantry, with a reserve regiment formed at Blagoveshchensk. They have no artillery. It is impossible to send reinforcements from Vladivostok, which is daily threatened with siege by General Hasegawa's army.

This leaves open to the Japanese the shore of the Ussuri territory south of Port Castries to the Gulf of Peter the Great, on which Vladivostok is situated.

With M. Witte in the United States and the disclosure of the Japanese terms only a few days away, the St. Petersburg papers generally refrain from conjecture as to the outcome of the negotiations.

A dispatch to the London Times from St. Petersburg says that another imperial telegram, even more warlike than the Emperor's reply to the Orenburg clergy, appeared in yesterday's Official Messenger. The Emperor, replying to an address from Khabarovsk, heartily approves the recommendation to continue the war until the enemy is crushed, and, above all, not to think of the cession of territory or the payment of an indemnity.

Electrical Storm at Sea.

Capt. Warr, of steamship Caronia, which reached New York yesterday from Liverpool, reports on Sunday last the Caronia passed through the most violent electrical storm he has ever witnessed. An iceberg had just passed as the ship headed into the storm. So close was the berg that a polar bear was plainly seen on its edge, and the passengers made snapshots of him with cameras. Then the light died out, clouds of inky blackness rose, and the temperature, already cold from the presence of the berg, fell to 53 degrees, while the wind increased from twenty miles to fifty miles an hour. Many passengers remained where they could witness the electrical storm, whose lightning flashes made almost continuous light, and temporarily blinded the on-lookers. The storm broke apparently directly above the Caronia.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in case of cholera infantum. For sale by Gibson & Timberman and W. F. [Crighton & Co.]

Perfection Mosquito and Fly Canopies. Why be annoyed by mosquitoes and flies when it can be prevented by a very small expense and no trouble? We call special attention to the fact that the "Perfection" 5-coil canopy springs have been THOROUGHLY TESTED in tension, action, power and endurance, and found that they will lift any grade new net to a perpendicular position against the head board, and will also undergo the strain of being fastened down, day and night, continuously for many months without showing signs of weakness, when properly adjusted. They are small in diameter; noiseless in operation; look neat and pretty; are not clumsy nor in the way; are strong and durable, and the most perfect canopy springs ever put on the American market. Have us put one up for you, and after one week's trial if not entirely satisfactory we will take it down and refund your money.
